DrumScribe | quarter = 104 4/4

1

Drum notation for pattern 1. The notation consists of a series of vertical stems with 'x' marks above them, indicating hits. The first stem has an 'x' above it, and the others have 'x' marks. Below the stems are two horizontal lines representing the drum kit. The first line has a '1' in the first measure, and the second line has a '0' in the first measure. The pattern is repeated across the measures.

2

Drum notation for pattern 2. The notation consists of a series of vertical stems with 'x' marks above them, indicating hits. The first stem has an 'x' above it, and the others have 'x' marks. Below the stems are two horizontal lines representing the drum kit. The first line has a '2' in the first measure, and the second line has a '0' in the first measure. The pattern is repeated across the measures.

3

Drum notation for pattern 3. The notation consists of a series of vertical stems with 'x' marks above them, indicating hits. The first stem has an 'x' above it, and the others have 'x' marks. Below the stems are two horizontal lines representing the drum kit. The first line has a '3' in the first measure, and the second line has a '0' in the first measure. The pattern is repeated across the measures.

4

Drum notation for pattern 4. The notation consists of a series of vertical stems with 'x' marks above them, indicating hits. The first stem has an 'x' above it, and the others have 'x' marks. Below the stems are two horizontal lines representing the drum kit. The first line has a '4' in the first measure, and the second line has a '0' in the first measure. The pattern is repeated across the measures.

5

Drum notation for pattern 5. The notation consists of a series of vertical stems with 'x' marks above them, indicating hits. The first stem has an 'x' above it, and the others have 'x' marks. Below the stems are two horizontal lines representing the drum kit. The first line has a '5' in the first measure, and the second line has a '0' in the first measure. The pattern is repeated across the measures.

6

Drum notation for pattern 6. The notation consists of a series of vertical stems with 'x' marks above them, indicating hits. The first stem has an 'x' above it, and the others have 'x' marks. Below the stems are two horizontal lines representing the drum kit. The first line has a '6' in the first measure, and the second line has a '0' in the first measure. The pattern is repeated across the measures.

7

Drum notation for pattern 7. The notation consists of a series of vertical stems with 'x' marks above them, indicating hits. The first stem has an 'x' above it, and the others have 'x' marks. Below the stems are two horizontal lines representing the drum kit. The first line has a '7' in the first measure, and the second line has a '0' in the first measure. The pattern is repeated across the measures.

8

Drum notation for pattern 8. The notation consists of a series of vertical stems with 'x' marks above them, indicating hits. The first stem has an 'x' above it, and the others have 'x' marks. Below the stems are two horizontal lines representing the drum kit. The first line has an '8' in the first measure, and the second line has a '0' in the first measure. The pattern is repeated across the measures.
